COLT

COLT - new model series developed with members of French national team. Model has amazing acceleration ability. Flatten hull allows excellent gliding.

The Colt is the replacement to the Accelerero. It was designed primarily as a 200m Sprint Boat. The rear of the boat has a distinctive flattered hull and chimes to aid in quick acceleration.

Rudder is located only 150 mm from tail. Inside cockpit diameter is 37.5 cm.

Marathon paddlers may also enjoy this boat as it has a very impressive turning circle, however it would require a little more work to wash ride.

M, L & XL Boats can also be ordered in a "wide" option to allow more hip room.

COLT S

Under 70kg

Colt M + M Wide

70-80kg

COLT XL + XL Wide

85+ kg

Colt L & L Wide

75-85kg

INFUSION II

Infusion 2 is new sprint model based on popular Infusion series. Sharper tips together with modified front gives better start acceleration. Completely new deck facelift makes Infusion more trendy and fashionable.

The Infusion 2 is the boat of choice for many 1000m sprint paddlers and marathon paddlers. It has very good acceleration and holds a line at speed very well. For marathon paddlers the Infusion 2 sits very comfortably on a wash making it an easy boat to use.

INFUSION II M
60-70kg

INFUSION II L
70-80kg

INFUSION II XL
80-90kg

CRUISER

K1 Cruiser is the newest edition to the Vajda fleet. This is a great boat if you want to enjoy a sprint boat with stability for comfortable paddling. It is a modern boat with a trendy design. An ideal boat for new intermediate paddlers or masters.

Available in Two Sizes

S- Up to 60kg

M- 60-75kg

Length: 520cm

Width: 45.5cm

Cockpit Width: 42cm
